RIB & HSC is for Maritime Professionals

RIB & HSC is the global platform for news, innovation and technology for the sub IMO / sub 24 metre professional sector.

The RIB & HSC Directory brings together 'the best of the best' specialist boats and equipment for maritime professionals.

RIB & HSC Directory is Fast & Direct

The Directory separates
Boats and Equipment into Categories

Directory Entries - Product Listings

Entry Heading	Your brand logo and product name
4 Bullet Points	Key features that summarise your product
4 Images	Photos of your product plus relevant detail
250 Words	A focussed description of your product
Pro References	List up to 10 clients using your products
Website Links	Links go to relevant page on your website
Email Enquiries	Emails go direct to your sales team

RIB & HSC eNews

Online and HTML email news items deliver up to date information on current issues and international events for the professional sector.

RIB & HSC eArticle

John Haynes of RIB & HSC has delivered a unique insight into future requirements and new technology for over 20 global publications.

How the Directory Accelerates Business

In 2010 we built the Directory as a flexible online resource. As we have listened to our audience it has changed - evolved - grown.

Our cutting edge approach enables manufacturers to engage with buyers, decision makers and end-users worldwide.

How to reach Pro-Sector Decision Makers

4000+ Maritime Professionals
in 60 countries receive RIB & HSC eNews
